Dear Coach Kerr and the Golden State Warriors:

Congratulations on your triumphant back-to-back victory winning the 2018 NBA Championship!

With your third title in the last four years, the Golden State Warriors have once again dazzled America with your outstanding performance on the court and inspired leadership off the court. You continue to make the Bay Area and indeed the country deeply proud.

In celebration of your victory, we would be delighted to welcome you publicly as a team or personally as families to the United States Capitol. Please consider this as a blanket invitation whenever your individual schedules allow.

We look forward to honoring your championship in the heart of our democracy.

best regards,

NANCY PELOSI
